WILL LET PEOPLE SET ELECTION DAY

MASS MEETING OF TEMPERANCE WORKERS TO BE CALLED.

CAN BE FEBRUARY 3 OR WAIT TILL JUNE

Committee Appointed to Confer With Leaders—June Election Would Oust Saloon Just as Soon.

Let the people decide about the date for holding the local option election in Maryville. That is a spirit of a meeting of temperance and anti-saloon leaders in the community, which met yesterday afternoon with Dr. W. C. Shupp, state superintendent of the Missouri Anti-Saloon League, and Dr. A. C. Bushnell, assistant state superintendent in charge of this district.

The workers were all agreed that the fight should be made as soon as possible, and much confidence was expressed that the election would go to the drys. There was a division of opinion as to date. The election can legally be held on one day in February, the third.

Many feel that it would be a mistake to call another election in the winter because of the chance of bad weather, the recent paying of taxes, the amount of unemployment at that time, and many other minor reasons.

On the other hand, leaders argue that the fight can be won any time and that the sooner it is over the better. The city administration may change in the April election, and other "drys" feel that it would be wisest to hold the election while the city government is favorable.

The saloons will have to be licensed in January for another six months anyway, so a June election will drive the saloons out just as soon as that in February if the anti-saloon element is victorious.

Considering the fact that there was such a diversity of opinion among the leaders, it was recommended by the state leaders that a mass meeting be called of the citizens of the town and that a vote be taken as to which date is preferable, February 3 or in June.

H. W. Hull, chairman of the Nodaway County Anti-Saloon League, was made the head of a committee consisting of Mayor U. S. Wright, the Rev. G. S. Cox, chairman of the Ministerial Alliance, and S. G. Gillam. This group of men will confer with the pastors and other temperance workers of the city and the mass meeting will be called in the near future.

Representatives of the Anti-Saloon League spoke at four of the Maryville churches yesterday morning, and at other churches in the county last night. This was practically the opening of the campaign against the saloon here, as that matter received the most attention from the speakers.

Dr. Bushnell warned the people at the Presbyterian church that the saloons here would die hard and that it would be a great mistake to think so confidently that the election was won before begun. He said that in the last election only a local and state organization fought for the saloons.

"But this time," said the speaker, "a representative of the National Liquor Dealers' association will come to Maryville, look the field over, and write a check for the maximum amount of money he thinks can be used here. That is one of the big propositions which you will face."

One of the weapons which the drys are already planning to use is a monster petition, not only from the rest of Nodaway county, which is done in every fight, but also a paper with probably 10,000 names on it from all over the fifth district which the State Normal school here serves.

To Hold It Saturday.

A civil service examination for the position of fourth class postmaster at Arkoe will be held at the postoffice in this city on Saturday, conducted by the civil service commission. The present postmaster at Arkoe, Rufus H. Smith, has resigned.

WABASH TO FIX SEWER NOW

Mayor Is Informed That Break at the Trestle Will Be Repaired at Once. —Many Boiling Water.

Mayor U. S. Wright was informed by the officials of the Wabash this morning that the break in the sewer at the trestle on East Seventh street would be repaired immediately.

Much comment has been aroused during the last week by the article in The Democrat-Forum that the sewage was running down the branch and into the 102 river above the water intake. Many families are boiling all the water which they use, although only a third of the water comes from the river, and the opinion of the engineers is that the flow down the branch is aerated until the danger is negligible.

Mayor Wright notified the Wabash last Wednesday that the conditions were intolerable and must be remedied at once. It was thought by the board of public works last week that the city water would all be taken from the sand points on the east side of the river, beginning today.

Some delays have arisen, however, that will make it impossible to put the improvements into effect until the latter part of the week.

WILL HAVE RALLY WEEK

BUCHANAN STREET METHODIST DAY SUCCESSFUL.

Women's Week of Prayer With All-Day Meeting Friday and Randolph Reception Planned.

The Rally day at the Buchanan Street Methodist church yesterday gathered a record attendance for the school, 219. The collection was also a record, $20.57. The goal for attendance had been set at 200.

The presiding elder, Rev. C. B. Duncan, preached at both services yesterday. The first quarterly meeting of the church was held at 3 o'clock yesterday afternoon, with Mr. Duncan presiding.

The rally spirit will be carried throughout the week, which is the week of prayer of the Women's Missionary societies of that church all over the world. The Ladies' Aid society and the Homemakers class will unite with the other women in the prayer meetings, which will be held every afternoon this week at the church at 2:30 o'clock.

A special young people's prayer meeting will be held Wednesday night and an all-day meeting at the church is planned for Friday. All the ladies will bring their lunch and a continual prayer service will be held on that day.

Friday night a reception will be held for the Rev. J. D. Randolph of Fayette, founder of the Wage Earners class, to which all of the men's brotherhoods of the other churches have been invited. Paul Prosser of Fayette will be the other speaker.

Program for the week follows:

Leader for Monday, Rev. R. C. Holliday. Topic, "Teach Us to Pray."

Leader Tuesday, Mrs. N. F. Humber. Topic, "Japan vs. China, Corea and West Coast."

Leader Wednesday, Mrs. L. P. Colvin. Topic, "Evangelistic Work in Japan on the Coast."

Leader Thursday, Mrs. M. A. Peery. Topic, "Social and Educational Work in Japan and the Pacific Coast."

Leader Friday, Mrs. E. B. Sheldon. Topic, "Prayer and Service."

MRS. SLIDER WANTS DIVORCE.

Woman Says Husband Abused Her—Asks Custody of Five Children.

Mrs. Sarah E. Slider filed suit Saturday for divorce from Edward R. Slider, to whom she was married in 1895 in Macon county, Illinois. She alleges in her petition that her husband frequently abused and reviled her in the presence of the children.

Six children were born to the union, one of whom is married. The custody of the other five children is asked and alimony from his estate of $2,300. One-half of the joint property of $5,000 is prayed for in the petition.

MARRIED 50 YEARS

MR. AND MRS. JOHN S. DISS TO OBSERVE GOLDEN WEDDING.

VISIT OLD HOME CHURCH

Will Go Back to Illinois Town to Renew Marriage Vows—Have Lived Here Forty-Five Years.

Wednesday morning, in the little church of St. Mary's at Mount Sterling, Ill., where they took their marriage vows fifty years ago, Mr. and Mrs. John S. Diss of this city will worship again and renew the pledges made on their wedding day.

Mr. and Mrs. Everett Schonen of Mt. Sterling, Ill., who were married at the same time will celebrate their golden wedding anniversary jointly with Mr. and Mrs. Diss. Mr. Schonen is a brother of Mrs. Diss, and his wife is a cousin of Mr. Diss.

Came Here in 1870.

Mr. and Mrs. Diss came to Nodaway county forty-five years ago and settled on a farm east of the city. They lived there a few years and Mr. Diss then purchased a farm west of the city and lived there until 12 years ago, when he came to Maryville, purchasing a fine home on West First street, where they have since resided.

Mr. Diss is now 73 and his wife two years his junior. His life has been devoted to farming and he has been very successful in accumulating plenty of the world's goods. He was born at Zanesville, Ohio, his people having emigrated from France to Ohio. Mrs. Diss was born at Buffalo, N. Y., and is of German parentage. The parents of both later moved to Mount Sterling, where the young people then became acquainted.

Was First Church Wedding.

Both Mr. and Mrs. Diss are members of the Catholic church and splendid worthy people who have friends all over the county. They have six children, Charles Diss of Fort Scott, Kan., Will Diss of Fort Wayne, Ind., Mrs. Aaron Linville of Skidmore, Fred Diss of Maryville, Lewis Diss of Des Moines, Ia., and Elizabeth, living at home.

The marriage of Mr. and Mrs. Diss was the first to take place in the church at Mount Sterling, which was just newly completed then. All sorts of pleasures and entertainment have been planned for them during their stay in the old home town. Accompanied by their daughter, Elizabeth, Mr. and Mrs. Diss will start tomorrow morning for Illinois. After the visit there, they will go to Fort Wayne to visit William Diss and family, they will then go to Chicago and from there to Des Moines, Ia., to visit Lewis Diss and will return home late in December.

TO SELL 108 FAIR SHARES

CONTROLLING INTEREST IN COUNTY CORPORATION FOR SALE.

Officers Believe That More General Ownership Will Increase Interest in Exhibits and Attendance.

To make the Maryville-Nodaway County Fair and Agricultural association the property of the people of this county is the desire and purpose of the directors. Definite steps leading toward that end are being made this week.

J. A. Ford, vice president, and J. F. Roelofson, secretary-treasurer, are circulating subscription blanks in which 108 shares of stock, a controlling interest in the corporation is offered for sale. The contract stipulates that all of the 108 shares must be sold by January 11, 1916, or it is void.

The corporation has a capital stock of $25,000, divided into 250 shares of $100 each. The regular meeting of the association will be held January 16, at which time the stock will be due and payable if all of the 108 shares are subscribed. The election of officers and other business of the corporation will be taken up at that time.

The desire of the stockholders of the fair is that a general response shall be made to the sale of the stock from all over the county, so that the people may feel that it is their fair rather than the property of individuals.

Having an interest of that kind in the exhibits, it is believed that the fair will continue to grow better from year to year. A more general ownership is the only reason for the placing of the shares on the market. A. O. Mason is president of the association.

GREEK KING RULES

NEW CABINET UPHOLDS POLICIES OF ZAIMIS GOVERNMENT.

SKOULOUDIS NEW PREMIER

Affairs in South Balkans Are Critical for Allies—Servian Army Out of Trap Safely.

Special to The Democrat-Forum.

Athens, Nov. 8.—Premier Skouloudis, who was commissioned by King Constantine to call another cabinet together, met with the new cabinet today. The members are the same as the Zaimis government except for the premier.

The measures which caused the downfall of the last government will all be introduced into the Chamber of Deputies again. These policies of War Minister Yanakitas were fully approved. One new member was added to the cabinet, that of minister of public economy.

The outcome of the crisis shows that the King still controls the situation and the Venizelos, a former premier and leader of the opposition, has gained nothing by driving out Zaimis,

Critical for Allies in South.

London, Nov. 8.—The situation in Southern Servia is now becoming critical for the Allies, according to dispathes from Athens and Saloniki. A re-inforced column of Bulgarians is attacking the French-British line on the Bulgarian-Servian line near the Greek boundary. Anglo-French troops are being rushed to Gievgeli from Saloniki.

The main Servian army has apparently escaped the trap which was set for it and has made its way into the mountains. Troops and ammunition are now being moved along the Berlin-Constantinople railway.

The Teutons are moving upon the mountain fastnesses between Navibasar and Leskovat where the Servians are entrenched.

Bulgarians Retreat in South

Athens, Nov. 8.—The French troops have captured Kosjak and Babuna heights in Southern Servia, it was announced by the Servian legation here. The Bulgarians are retreating from this place ten miles to the west of the Nish-Saloniki railway.

GRANT TRUSTY IS 44.

Jolly Bus Driver Was Kept Busy Yesterday Answering Birthday Greetings.

Grant Trusty, the genial foreman of the Bainum Bus company, celebrated his forty-fourth birthday anniversary yesterday and was kept busy all day receiving the congratulations of his friends, who consist of every one with whom he is acquainted.

To make the day more pleasant, Mrs. Trusty gave a dinner party at noon at their home, making the affair a surprise to her husband. The guests presented Mr. Trusty with a handsome sweater as a birthday gift. Those in the party were Mr. and Mrs. D. N. Scott, Mr. and Mrs. Will Phares, Mr. and Mrs. Harley Teaford, Mr. and Mrs. Will Teaford of Savannah, Mr. and Mrs. Carl Murray, Mrs. E. H. Bainum, Mr. and Mrs. Charles Cockayne and Jesse Boatman.

WEDDING GIFT 1,000 ACRES.

Arkansas Men to Give Large Tract to President Wilson.

Earle, Ark., Nov. 8.—One thousand acres of land will be presented to President Wilson and Mrs. Norman Galt as a wedding gift by an organization of large land owners of this section. The donors met today and voted unanimously to make the present and to have the land deeded to both the president and the future Mrs. Wilson.

The land faces the Mississippi river on one side and the St. Francis river on the other. It is well protected by a levee system. It is an ideal location for a hunting preserve.

United States Senator James P. Clarke was chosen to carry the deed for the land to Washington.

Calvin J. Burch, deputy county clerk, was in Burlington Junction this morning.

CHANGES FOR WABASH TRAINS

No. 1 Will Now Be Known as No. 11, and Will Arrive Five Minutes Later—No. 12 Comes Earlier.

A few changes have been made in the time of trains on the Wabash. No. 1 will now be known as No. 11, and will arrive here at 6:05 a. m., five minutes later. Passenger No. 12 will now arrive at 10:45 a. m., or seven minutes earlier, and this will permit connecting with the Great Western train at Conception Junction, arriving in St. Joseph about 1 o'clock in the afternoon. The new change in No. 12 will be a great help in mail facilities, as a letter will now get in St. Joseph for the afternoon delivery when it is mailed before 10:30 o'clock the morning of the same day. No. 14 passenger train will arrive two minutes earlier, or at 9:50 p. m.

The two local freights, No. 71, going west, and No. 70, going east, will carry passengers, No. 71 between Stanberry and Mineola, Ia., and No. 70 between Malvern and Stanberry.

The afternoon Burlington train is now due four minutes later, or 4:48 p. m.

These changes were effective yesterday on the Wabash, while the Burlington change was made a week ago.

PEABODY "KIDS" IN PANIC

CRY OF FIRE AMONG CHILDREN WHO WERE IN DISASTER.

All Race Down Stairs and Several Jump From Windows—None Fatally Hurt.

Special to The Democrat-Forum.

Peabody, Mass., Nov. 8.—Three hundred children, who were in the fire last week in which twenty-one lost their lives, were thrown into a panic by the cry of fire at noon today.

Escaping steam caused the alarm in the old high school building, where the sessions of the St. John's parochial school is being held. All rushed headlong down stairs and several jumped through windows.

One boy was badly cut by glass in jumping through a window. Several are seriously hurt but none fatally.

VILLA TO FIGHT AT NACO

Rebel Returns to Border Town After starting for Hermosillo—Obregon to Attack Soon.

Special to The Democrat-Forum.

Washington, Nov. 8.—Officials of the war department here believe that the next battle between the Villa and Carranza forces will be enacted just across the Arizona border in Mexico.

Villa's action in returning to Naco after starting for Hermosillo indicates that he intends to make a stand there. It is believed that Obrejon, commander of the forces of the Mexican government at Agua Prieta, will move at once against the rebel forces.

COURT SELECTS APPRAISERS.

Four Head of Cattle of Benedictine Sisters at Conception Quarantined by State Deputy.

Four head of cattle of the Benedictine Sisters at Conception were quarantined by State Deputy Lyman D. Brown, having had tuberculosis. The appraisers chosen to fix the value of the animals were Gus King, John Martindale and Andy Bliley.

"BIG THREE" FORM SMALLER CABINET

PREMIER ASQUITH, DAVID LLOYD-GEORGE AND BALFOUR.

WAR COUNCIL TITLE; GREY AN ADVISORY

Kitchener Will Be in Balkans Several Months—American Note Sharply Criticized.

Special to The Democrat-Forum.

London, Nov. 8.—The "smaller cabinet" idea which has been discussed by the papers and the government of England for several months, has been put into effect. Premier Henry H. Asquith, Sir David Lloyd-George, and Sir Arthur J. Balfour will be the big three.

These men will direct the military and naval affairs of Great Britain hereafter. The entire cabinet has elected them with the title of "war council," according to an official announcement in the London Evening News.

Sir Edward Gray, minister of foreign affairs, will attend the sessions of the council when the question relating to foreign and diplomatic policies are under discussion. The prime minister and Lloyd-George will divide the work of Lord iKtchener between them while the minister of war is in the Balkans. He will be absent several months.

American Note Not Liked.

The note from the government of the United States demanding more freedom of the seas is being freely criticised by newspapers all over the empire. It will be several weeks before the government of Great Britain will reply.

In the note the American government refuses to recognize the blockade of Great Britain, saying that it is intolerable and indefensible. The United States says that it is speaking for all neutrals and that interference with their shipping must stop. Huge losses to American shippers is claimed, and a curtailment of her rights cannot be permitted by the government of the United States.

STRUCK BOAT AND TRANSPORT.

Withdrew From Turkish Shore Batteries Emitting Dense Clouds of Smoke.

Special to The Democrat-Forum.

Constantinople, Nov. 8.—The war office announced that the Turkish shore batteries struck an ally torpedo boat and transport near Anafara Sunday. The torpedo boat and transport withdrew, emitting dense clouds of smoke. Hostile aeroplanes brought down Turkish gunners, who fell into the sea and were towed away.

Announcement.

We are authorized to announce Robert I. Young of Buchanan county, as a Democratic candidate for Congress from the Fourth district subject to the primary election to be held August 8, 1916.

Here's a cordial welcome and best wishes to the new sand points.

A sixty-dollar dress suit and a fifteen-dollar a week salary are frequently found together.

Now that Carranza is filling the offices, remarks an exchange, his cause should increase in popularity.

Now that the teachers have adopted the simplified form of spelling, it is to be hoped that the reform will extend to the war fronts.

It's a well isolated church now whose services are not interrupted several times by the honk of a horn or the popping of the cut-out.

Secretary McAdoo, who has just returned to Washington from a tour of the west, sees an era of prosperity ahead. Mr. McAdoo has not only seen prosperity, but he has seen where prosperity in this country comes from.

That high wind Sunday showed plainly the need for greater cleanliness on the streets. Besides leaves, old papers by the score, suit boxes, hat boxes and everything that the wind could move roamed at will about the streets, sidewalks and lawns. Our business men and citizens should be more careful about letting rubbish get into the streets.

From present indications the next nominee of the Republican party will be the Hon. Elihu Root of New York. Mr. Root got something of a jolt in the recent rejection of the constitutional amendments, which he fathered, in his home state, but he looms up as the one and only one available big man his party has for the presidential nomination. Mr. Taft and Mr. Roosevelt will cancel each other and may be dropped from consideration. Then there are Senator Burton, Senator Borah, Senator Weeks, Senator Sherman, Senator Cummins, James R. Mann, Herbert Hadley and a few others who have ample aspirations but who are more or less deficient in other respects. Of those so far advanced for public approval Mr. Root measures up head and shoulders above the balance in point of ability and capacity for big things. He is a standpatter of the original, blown in the bottle variety, and it looks very much like the Progressives will be given the choice of voting for the man who ran the steam roller over them at Chicago or for Woodrow Wilson.

WHY MEN CHEW TOBACCO

It's the Only Way That Real Tobacco Hunger Can Be Entirely Satisfied

"OLD KENTUCKY" IDEAL CHEW

Since tobacco was first introduced to civilization, nobody has ever discovered so supremely satisfactory a way to get all the flavor and enjoyment out of it as chewing it. And no other form of chew can give you the hearty, wholesome, juicy flavor that you get from a delicious high-grade *plug* tobacco like Old Kentucky.

The secret of the greatest chewing satisfaction lies in the selection of your chew. Among plug tobaccos the brand that gets the most enthusiastic endorsement is undoubtedly Old Kentucky. The reason for this is not hard to find.

Old Kentucky is made exclusively of ripe Kentucky Burley—the most richly-flavored chewing tobacco that grows. Still more, only the very choicest of all the Burley leaf is used for Old Kentucky.

This choice leaf is selected with the most painstaking care, is stemmed by hand, is thoroughly washed free of all foreign matter and is pressed into plugs so slowly that not a drop of juice or an atom of flavor escapes. Moreover, Old Kentucky is made under the most rigid, cleanly and sanitary conditions.

The result is a sweet, mellow, luscious, satisfying chew that cannot be obtained in any other tobacco than Old Kentucky.

Try a 10c pocket plug to-day.

157 BIRTHS AND 55 DEATHS

Statistics Show That Number for Nodaway County for July, August and September.

Statistics compiled for the third quarter of 1915, July, August and September, by the Missouri state board of health show that there was a total of 55 deaths in Nodaway county, the month of August showing the greatest number of deaths, 24; July, 19, and September, 12.

There were 157 births reported as having occurred during July, August and September, of which the greatest number, 74, was in August, 40 in July and 43 in September.

It will be noted from the foregoing that there were 9,778 more births than deaths during the quarter.

WANT A NEW BRIDGE.

Delegation From Near Parnell Will Pay Half of Cost.

A cement culvert east of the Snowball school house, near Parnell, was asked for by a delegation of farmers, which came in with a petition to the county court. The leaders of the party were Earl Addy, Tom Logan and Ed Jones.

The court was in St. Joseph, so the desires of the men were presented to J. E. Reece, county highway engineer. Half of the money needed for the bridge can be raised in the immediate community, the delegation promised.

BROTHERHOOD TO MEET.

First Methodist Men Will Hold Regular Meeting Friday Evening.

The Brotherhood of the First M. E. church will meet Friday evening at the church, The Rev. O. L. Sample, pastor of the Burlington Junction Methodist church, will make an address. After the meeting refreshments will be served.

To Attend Insurance Meeting.

Judge W. M. Blackford and C. D. Hooker will leave Tuesday for Marshall, Mo., where they will attend the meetings of the Mutual Insurance company, representing the Nodaway County Mutual Fire and Lightning Insurance company.

On St. Joseph Market.

Nodaway county was represented by J. C. Meek, Bishop & Simmion, G. T. Clardy, James W. Milbanks, Horton & Doughtan, J. D. Sheaver, G. H. Swaney and Sherlock & Fogan, who each contributed a load of swine on the St. Joseph market Saturday.

More Weather Tales Coming.

Milan, Mo., Nov. 8.—This is the warmest November weather on record. Cherry trees are in bloom and local fishermen are catching plenty of fine catfish. Autumn pastures are fine and late corn is maturing.

THINKS ONLY OF CHINA

Yuan Shih-Kai Says It Is Greatest Honor to Be First President—Wants Stability.

According to the Hsin Chung Kuo Pao of Peking, President Yuan Shih-kai of China has uttered the following opinion regarding the propaganda of the Chinese monarchists, which is being directed by the Chou An Huei, or Society for the Promotion of Peace:

"China has had emperors and the monarchiel form of government for more than 4,000 years and the holding of the office of the first president in the long history of China is in itself a great honor and a great glory. Why should I then look down upon the presidency of a republic and honor the position of an emperor? What I consider most important is how can I remove the dangers and calamities which are threatening China and in what way can I solidify the foundation of the country and establish permanent peace. This is my principal consideration; not the post of a president or an emperor."

"We should admire the president," says the Chinese paper, "for his large views and far sightedness; and we should also think highly of Dr. Goodnow for his assistance in setting forth his views concerning the form of government that China should adopt under certain conditions, and for his good will in helping to solve the fundamental problem of our country."

DIVORCES WITHOUT JUDGE?

Lawyers, Apparently, May Grant One In California.

Los Angeles.—Judges and lawyers learned with surprise that through an amended provision of the state constitution apparently any qualified attorney may grant a decree of divorce. This became known by the recent granting of three decrees in Santa Rosa by attorneys sitting as judges pro tempore after having been selected to try the actions of the litigants themselves without the sanction of the court. The modified amendment reads:

"A case in the superior court may be tried by a judge pro tempore, who must be a member of the bar, agreed upon in writing by the parties litigant or their attorneys of record and sworn to try the cause, and the person so selected shall be empowered to act in such capacity in all further proceedings in any suit or proceedings tried before him until the final determination thereof."

The clause "approved by the court" has been omitted from the act.

TALK OF BABIES JARS THEM.

Spinsters Form Club to Avoid Chatter About Husbands.

Sabetha, Kan.—An organization of spinsters has been formed in this town to save them from hearing talk about babies.

"At the women's clubs," says Miss Georgia Hook, head of the spinsters, "all we hear is talk of babies and husbands of various kinds. Oh, you cannot realize the unintentional cruelty of it all! What pleasure can we have in hearing talk of babies, babies, babies all the time? The small town never gives the proper chance for all girls to marry happily. Too many of our best young men go to the cities. As a result there are more marriageable young women than young men."

EATS PORK AT EVERY MEAL.

Hoosier Farmer Says It Is Sweet Diet and Good For Longevity.

Columbus, Ind.—Do you wish to live long and be strong? Then eat pork three times a day, says Samuel Reynolds, a farmer here, who is seventy-five and can carry a sack of grain with the best.

Reynolds eats pork three times every day, and if he wishes a little snack of something between meals he eats a piece of pork. If he happens to need a bite of something before going to bed he eats a piece of pork. He never ate an apple in his life, and he never tasted any sort of fruit, butter or jelly.

REWARDED FOR HER KINDNESS

Entertainment of Aged Man Results In Her Getting $15,000.

Columbus, Mo.—Miss Gretchen Detchemendy, twenty, of Carthage, Mo., has sold for $15,000 a one-fourth interest in a zinc mine which she received from J. A. Langston, seventy-five, a wealthy resident of Springfield, Mo., because she was kind to him and entertained him while at a summer resort last year in Colorado.

Miss Detchemendy and Langston became fast friends during their stay in Colorado, and when she returned home he sent her a deed for the interest in the mine near Commerce, Okla.

She began receiving dividends on her interest in the mine last March and was getting $100 a week when she sold because "you never can tell," she says, "when the price of zinc is going down or the ore deposit is going to go 'blind.'"

CELL KEY DID THE TRICK.

Escaping Prisoner Thought It Was a Gun and Raised His Hands.

St. Louis, Mo.—Using a tin spoon and a shoestring to open the door of his cell in police headquarters, J. J. Hartwell, bandit suspect wanted in Butte, Mont., was subdued by a guard using a brass key as a pistol and put back into his cell.

Hartwell had picked the jail lock and opened the door and was about to make for a rear window when he was captured by Parker Thompson.

As Hartwell left the cell Thompson pounced upon him, pointing his big brass key at the prisoner and ordering him to hold up his hands. The prisoner thought he was "covered" with a revolver and raised his arms.

CORNSTALKS STOP PHONE.

Interfere With Service In Kansas, Causing Short Circuit.

Leavenworth, Kan.—The cornstalks are so tall in some parts of Leavenworth county that they are interfering with the telephone service.

South of Lansing, at Dan Monroe's place, stalks pressed against the telephone wire and caused a short circuit. The linemen had considerable trouble in discovering what was wrong.

The wires were on low poles. Two rows of corn had to be cut on each side to keep the wires clear of short circuiting at Mr. Monroe's place.

BIG BENEFICENCE IS PLANNED BY GAMBLER

Nicholas de Szemere, Hungarian, Proposing Aid to Soldiers.

Vienna.—Out of the ruck and roar and miseries of war varied suggestions have come, many of them bearing on the best way to deal with the soldiers at the front who may come back alive and whole or be permanently disabled.

It has remained for a Hungarian noble to help in solving the problem. He is a man who a few years since startled Austro-Hungary by winning more than $800,000 in a single session in the Vienna Jockey club from Count Joseph Potocki. It took only four plays at baccarat in the fashionable gambling resort of this city to transfer this immense sum from the young count to the pockets of the sportsman and gambler for high stakes, Nicholas de Szemere. For Herr de Szemere owns one of the most famous stables in the dual empire and has won many of the classic races with his horses. Now, for the time being at least, he has chosen to forget the fascination of the race track and to dedicate some of his enormous winnings on the turf and at the gaming tables to caring for some of the soldiers when they return from the war. Incidentally, it may be stated that Herr de Szemere is well known in fashionable circles in New York city, where he visited a dozen years ago.

Herr de Szemere proposes to present Hungarian, German, Austrian and Turkish soldiers of his own selection with shares in a property consisting of thousands of acres of land which he will donate to the men lucky enough to be chosen by him to live and work upon it. He hopes by the inspiration of his gift to induce other large landowners of Hungary and Austria to follow his example. His letter announcing his intention has stirred the people.

Herr de Szemere's proposal can in a measure be better understood in America by identifying it with the "back to the land" movement in the United States.

FORTUNE FOR MAIL CARRIER.

Changes Living Cost Problem to How to Spend Income.

Kenosha, Wis.—Raymond Morehouse, a mail carrier here, has joined the "silk stocking" class.

The other night he went to bed wondering how to meet the high cost of living. The next morning he received a letter announcing he was heir to $150,000 from the estate of his uncle, Louis Morehouse, at San Leandro, who left here more than fifty years ago to seek his fortune in California.

A Hundred Rattlers on String.

Tucumcari, N. M.—One hundred rattlesnakes is the record of C. T. Taylor of Gesbia, who claims to be the champion snake killer of eastern New Mexico. He now has 100 rattlers on a long string which he calls his "devil's rosary."

Preserving the Fall Fruits.

Fall stands out above all other seasons in the housewife's calendar as the time of abundant and varied fruits. Grapes, apples and pears are all rich in acids and salts, and in addition they contain a large percentage of the carbohydrates, proteids and fats which we associate with such foods as meat and bread.

For canning, only perfect fruit should be used. The culls, however, may always be made into butter or jelly if care is used in removing decayed spots. Small and imperfect fruit can be utilized for drying.

Pears with ginger—Soak three-fourths of a pound of green ginger root in cold water for two days and drain it. Mix together five pints of the liquid drained off, five pints of sugar, five quarts of firm, hard, unpeeled pairs, cored and cut into pieces, the ginger root scraped and cut into thin slices, and the juice and yellow rind of four lemons. Cook the mixture two hours, or until the fruit is transparent and the syrup thick Seal the pears in jars.

Apple chutney (or catsup)—Wash, peel and core four quarts of apples. Cook them with a quart of brown sugar and two quarts of cider vinegar until the resulting mass is smooth and thick. Place the mixture in a crock and add two pounds of seeded raisins chopped fine, a small mild onion, an ounce each of white and black pepper, two ounces of ground ginger, one tablespoonful of salt, and two or three red peppers chopped fine. Mix the ingredients thoroughly, heat them, and let them stand over night. In the morning seal the chutney in pint jars.

Wild grape catsup—Mash thoroughly two quarts of well ripened wild grapes, cover with vinegar, and thoroughly heat them. Strain and add a cupful of sugar, a tablespoonful of cinnamon, a teaspoonful of cloves, and a quarter of a teaspoonful of cayenne pepper. Cook the mixture slowly until it is thick. Seal in jars.

Pear butter—Wash the pears and without peeling them boil them until they fall to pieces. Rub them through a colander to remove the cores, seeds, and skins. Put the pulp into a stone crock with half as much sugar, add spices to suit the taste, and cook mixture slowly until it becomes smooth and thick, stirring it carefully to prevent burning. Seal the butter in jars.

Dried apples—Peel, core and slice the apples. Place them on platters, wooden trays, or any other convenient receptacle and place them in the sunshine. Take them in at night and during rains; it is impossible to secure good dried fruits unless they are protected from moisture. Protect them from flies and other insects with netting, and place them out of the dust as far as possible. Continue the drying until the fruit has lost more than half its weight; if necessary, it may be placed in the oven for two or three hours at the end. Tie the dried fruit in paper sacks, using a double thickness if thin sacks are used, and suspend them from the ceiling of the dryest room available.

When ready to use the dried fruit, wash it well, soak it for six hours or longer, and throw away the liquid drained off. Then cook the fruit for several hours at a temperature slightly below the boiling point.—May McGuire Telford in The Mother's Magazine for October.

"CASCARETS" BEST IF HEADACHY, BILIOUS, SICK, CONSTIPATED

Best for Liver and Bowels, Bad Breath, Bad Colds, Sour Stomach.

Get a 10-cent box.

Sick headache, biliousness, coated tongue, head and nose clogged up with a cold—always trace this to torpid liver; delayed, fermenting food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet, breath right, complexion rosy and your liver and bowels regular for months.

TESTED RECIPES.

Buttermilk and Raisin Pie.

1 cup seeded raisins.
½ cupful buttermilk.
½ cupful sour thick cream.
1 cup sugar.
1 egg
Vanilla.
Pinch salt.

Have crust ready before mixing ingredients. Bake in quick, hot oven. The egg should be well beaten when added. If allowed to stay in the oven too long it will curdle.—October Mother's Magazine.

Date Pudding.

1 cup sour cream
1 teaspoonful soda
1cup syrup
1 small spoonful butter
1 pound dates
1 teaspoonful cinnamon
½ teaspoonful nutmeg
Salt

Enough whole wheat flour to form batter.

Stone the dates and cut into halves. Mix ingredients with flour enough to make stiff batter and pour into deep greased mold and steam two and a half hours. Serve cold with cream and sugar.—October Mothers' Magazine.

Apple Rolls.

1 cupful sour cream
Little salt and soda
Sliced apples
Sugar
Butter.

Make a short crust as above, roll out thin and cover with any good cooking apples, sliced thin; sprinkle with sugar and cut in strips two inches wide, then roll each strip up and place on end in deep pan; sprinkle little sugar and bits of butter on top and place in oven to bake until brown.

Sauce.

1 cupful water
2 tablespoonfuls flour
½ cup sugar
Butter size of an egg
Nutmeg.

Boil all together and pour on rolls and serve.—October Mother's Magazine.

Believe This As You Choose.

Chicago, Nov. 4.—Chicago's mild weather of the last few days is beginning to have results. Roses and violets are in bloom in many sections of the city, and today Martin J. Baxman, a gardener, telephoned the police that boys had stolen the strawberries that were ripening in his patch.

Rules for Making Salads.

Some of the things to remember when you are going to make salad are:

(1). Have everything cold.

(2). For fruit salad, cut the fruit up and let it stand in a sieve over a bowl for an hour or more, so the juice will drain off and not thin the dressing. You can save the juice for lemonade or fruit gelatin.

(3) Never serve a heavy oil mayonnaise salad after a big dinner or a very rich lunch. These salads are better as the main course at a luncheon or to serve with sandwiches in the evening.

(4). Have something crisp in the salad. Green peppers, radishes, celery cucumbers, onions, apples cut up fine, are all nice to mix with the softer meats, fruits and vegetables.

(5). Cut everything for a salad about the same size.

(6). Mix most salads with the dressing just before you are ready to serve them.—October Mother's Magazine.

Blasting Ground For Tree Planting

Much has been written on how to plant a tree or trees, but if the experiences of scores of famous orchardists have any weight on the topic, then the practice of using dynamite preliminary to planting young trees has fully proved its merits.

The writer has personally seen specific examples of the value and excellence of tree planting with dynamite on a private orchard in Delaware, the difference in growth between the undynamited tree and the tree planted in blasted ground being so unmistakably in favor of the latter that no adequate comparison could be made.

Furthermore, there are so many sane and logical reasons for this method of tree planting that even the most skeptical could not fail to be convinced. Obviously when a tree has to use a large part of its energies in forcing its roots through the hard soil it cannot be expected to make the same rapid growth and come into such yearly bearing as a tree would that had had the ground in which it was planted thoroughly prepared by dynamiting beforehand.

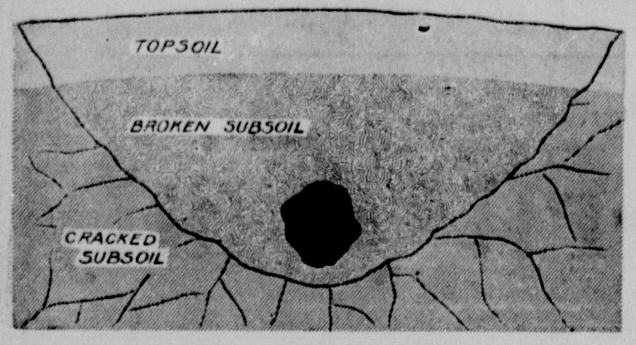
No tree should be planted over hardpan or impacted subsoil without first resorting to blasting, so that the soil may be made open and porous. Such blasting not only creates channels, increases absorption of soil moisture and permits deeper rooting, but it also induces better growth and larger yields.

Blasting for tree planting is best done in the fall, because at this time of the year it is easier to catch the subsoil in dry condition. Blasting in the spring for spring planting, however, is much better than planting in dug holes, notwithstanding the fact that the subsoil is apt to be wet or damp.

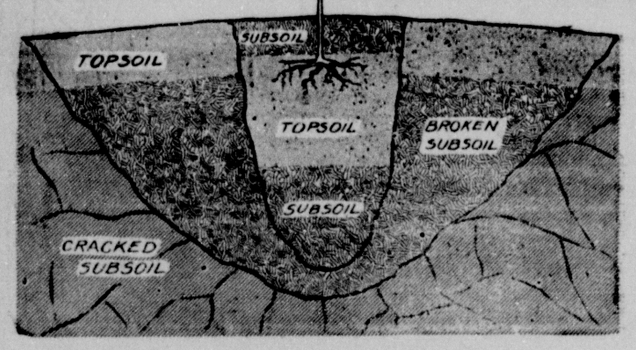
If the holes are blasted in advance of the time of setting the trees they are left without further attention until tree planting time, unless it is desirable to add some manure or fertilizer to be diffused through the soil. This is an excellent practice, especially in poor soil. If the earth is sour, sticky clay a few pounds of lime scattered in the hole will materially assist in flocculating the clay and keeping it permanently granulated and sweet

Immediately after the blast the soft blasted ground should be dug out down to the location of the charge, where a hole will usually be found about the size of a bushel basket. This must be filled to prevent settling of the tree after planting. The roots should be placed in a natural position in good top soil, covered with more top soil and treaded down firm. The hole can then be filled to a little above the surface with subsoil.

The fact that nearly all commercial orchardists use this method proves that it pays in reduced first year loss earlier fruiting and larger and better yields.



THE BLAST THOROUGHLY CRACKS THE SOIL, BUT USUALLY LEAVES A CAVITY OR POTHOLE AT THE BOTTOM—THIS MUST BE FILLED.



THE ROOTS ARE FIRMLY EMBEDDED IN RICH TOPSOIL, SURROUNDED BY MELLOW, WELL DRAINED SUBSOIL.

REPORTED AS WINNING LAND.

St. Louis Paper Says Joe G. Miller Won in Fort Berthold U. S. Land Drawing.

According to the St. Louis Globe-Democrat, Joe G. Miller of Conception Junction won No. 1025 in the Fort Berthold land drawing, concluded Friday at Minot, N. D. He will have the right to file on a homestead on the Fort Berthold reservation when the lands are thrown open next May.

Communication with Conception Junction this morning says that there is a Joe Miller employed in the roundhouse there, but as he did not register at the land drawing he doesn't know anything about it. There aren't any other Millers there by this name.

Prosecuting Attorney W. G. Sawyers went to Savannah this morning to attend the circuit court of Andrew county.

Are You Getting all That You are Entitled To?

You can't afford to be represented by any kind of JOB PRINTING where old, out-of-date type is used; or where it is set up in a "haven't-got-time" manner, and the printing slurred from lack of attention or experience of the pressman.

Good printing costs no more than poor printing and we have experienced men and an up-to-date equipment to produce GOOD printing.

The necessary time and material is put into every job, whether it's a calling card or a large book.

Remember, we maintain a seperate department with workmen devoting their time exclusively to Job Printing. This insures efficient and prompt service.

We make a specialty of doing work on short notice.

SAFEGUARDING MEAT SUPPLY

Approximately 60 Per Cent of Animals Now Slaughtered Under Federal Inspection.

More than 58,000,000 meat animals were slaughtered in establishments under Federal inspection during the fiscal year ending June 30, 1915. Since approximately from 58 to 60 per cent of the animals killed in the country are slaughtered in establishments where Federal inspection is maintained, it appears that about 100,000,000 meat animals are now being killed each year in the United States.

Of the animals subjected to Federal inspection 299,958 were condemned as unfit for human use, and 644,688 were condemned in part. Thus a little more than 1½ per cent of all the animals inspected were condemned either in whole or in part. These figures include only cattle, calves, sheep, goats, and swine.

Tuberculosis was the chief cause of the condemnations. More than 32,644 carcasses of cattle and 66,000 carcasses of swine were entirely rejected on account of this disease, and in addition parts of 48,000 cattle and 440,000 swine Hog cholera was responsible for the next largest loss, nearly 102,000 swine being condemned entirely on this account.

French Dressing (For All Kinds of Salads.)

4 tablespoonfuls of olive oil
½ tablespoonful vinegar
½ tablespoonful lemon juice
½ level teaspoonful salt
¼ teaspoonful pepper
1 slice onion
¼ teaspoonful paprika.

Take a thin slice of onion and mash this with the salt and pepper and paprika. Then add the oil, vinegar, and lemon juice. Beat with the fork until it is creamy. If you want to use it right away, put a little piece of ice in the dressing while you stir it. You can make a lot of this dressing at once and keep it in the ice box. When it stands a little while, the oil and vinegar will go apart, but just beat it up again.

If you want to use this dressing with a fruit salad, use orange or grapefruit juice instead of the lemon and vinegar. If you want to use it with plain lettuce salad, add a chopped hard-boiled egg, a tablespoonful of chili sauce or catsup.—October Mother's Magazine.

BANQUET WELL ATTENDED.

Fifth District Normal Celebrated at Coates House in Kansas City Friday Night.

The banquet of students and former students of the State Normal school of this city who were attending the state teachers' meeting in Kansas City last week was held at the Coates house Friday night, the Maryville NUormal and the Springfield Normal holding theirs together. About 250 attended, half of them representing each school. W. T. Carrington, president of the Springfield Normal, presided, and President Ira Richardson and County Superintendent Bert Cooper made speeches.

MEDALS HAVE THEIR DUTY.

Hiawatha (Kan.) Resident Uses Them as Paperweights in Office.

Hiawatha, Kan.—Gold medals for prize crops are so numerous with S. G. Trent of Hiawatha, who has just been designated at the Panama-Pacific exposition as champion corn grower for Kansas, that he uses the prize medals as paperweights in his mill office.

Trent has no formula of secret practice that enabled him to raise the 117 bushels to the acre and win the prize. The corn was grown on his father's farm, five miles southwest of town. In a field of eighteen acres Trent measured off an acre, planted Boone county white corn, cultivated it just as he would an ordinary crop and gave it no special attention of any kind. The corn grew and made him 117 bushels.

PREACHER PAID IN EGGS.

Circuit Rider's Story Told at M. E. Conference.

St. Louis.—The hardships of a Methodist circuit rider were brought forcibly to the attention of the city ministers attending the St. Louis conference of the Methodist Episcopal church when one country preacher reported that in the last two months he had received half of a hog and a great many eggs, but no money. He had sent twelve dozen eggs to the district superintendent, he said.

Another circuit rider said he had received $19 in two months, and a third that he had received no money, but that his parishioners had promised to buy him a horse before winter and had entertained him liberally in their homes.

BANK FAILED TO OPEN.

The Broadway Bank of St. Louis, a State Institution, Is in the Hands of the State Bank Examiner.

Special to The Democrat-Forum.

St. Louis, Nov. 8.—The Broadway bank of St. Louis, a state institution, failed to open its doors this morning. A notice was posted at the entrance that the institution was in the hands of the state bank examiner. Three hundred men and women, mostly Germans and Hungarians, gathered and made no demonstration. The September statement showed $800,000 in checking, time certificates and savings accounts. In a statement issued by President Beisbarth, he said the bank might open later in the day and that everything was all right.

A "BALANCED ROCK" BUILDING.

Kansas City May Have Unique Triangular Structure.

Kansas City, Nov. 8.—A five-story building, constructed like Colorado's "Balanced Rock," probably will be one of Kansas City's attractions in the near future. John Hayes, son of former chief of police, proposes such a structure on a small triangle near Thirtieth street and the McGee street trafficway.

An ordinance will be introduced in the council Monday night asking, after the first story of the building is built, that Hayes be permitted to extend the structure three feet over the property line on all sides. That would balance four of the five stories on a small base. The plan is said to be architecturally feasible.

VOLUME 6. MARYVILLE, MISSOURI, MONDAY, NOV. 8, 1915. NO. 135.

WILL LET PEOPLE SET ELECTION DAY

MASS MEETING OF TEMPERANCE WORKERS TO BE CALLED.

CAN BE FEBRUARY 3 OR WAIT TILL JUNE

Committee Appointed to Confer With Leaders—June Election Would Oust Saloon Just as Soon.

Let the people decide about the date for holding the local option election in Maryville. That is a spirit of a meeting of temperance and anti-saloon leaders in the community, which met yesterday afternoon with Dr. W. C. Shupp, state superintendent of the Missouri Anti-Saloon League, and Dr. A. C. Bushnell, assistant state superintendent in charge of this district.

The workers were all agreed that the fight should be made as soon as possible, and much confidence was expressed that the election would go to the drys. There was a division of opinion as to date. The election can legally be held on one day in February, the third.

Many feel that it would be a mistake to call another election in the winter because of the chance of bad weather, the recent paying of taxes, the amount of unemployment at that time, and many other minor reasons.

On the other hand, leaders argue that the fight can be won any time and that the sooner it is over the better. The city administration may change in the April election, and other "drys" feel that it would be wisest to hold the election while the city government is favorable.

The saloons will have to be licensed in January for another six months anyway, so a June election will drive the saloons out just as soon as that in February if the anti-saloon element is victorious.

Considering the fact that there was such a diversity of opinion among the leaders, it was recommended by the state leaders that a mass meeting be called of the citizens of the town and that a vote be taken as to which date is preferable, February 3 or in June.

H. W. Hull, chairman of the Nodaway County Anti-Saloon League, was made the head of a committee consisting of Mayor U. S. Wright, the Rev. G. S. Cox, chairman of the Ministerial Alliance, and S. G. Gillam. This group of men will confer with the pastors and other temperance workers of the city and the mass meeting will be called in the near future.

Representatives of the Anti-Saloon League spoke at four of the Maryville churches yesterday morning, and at other churches in the county last night. This was practically the opening of the campaign against the saloon here, as that matter received the most attention from the speakers.

Dr. Bushnell warned the people at the Presbyterian church that the saloons here would die hard and that it would be a great mistake to think so confidently that the election was won before begun. He said that in the last election only a local and state organization fought for the saloons.

"But this time," said the speaker, "a representative of the National Liquor Dealers' association will come to Maryville, look the field over, and write a check for the maximum amount of money he thinks can be used here. That is one of the big propositions which you will face."

One of the weapons which the drys are already planning to use is a monster petition, not only from the rest of Nodaway county, which is done in every fight, but also a paper with probably 10,000 names on it from all over the fifth district which the State Normal school here serves.

WABASH TO FIX SEWER NOW

Mayor Is Informed That Break at the Trestle Will Be Repaired at Once. —Many Boiling Water.

Mayor U. S. Wright was informed by the officials of the Wabash this morning that the break in the sewer at the trestle on East Seventh street would be repaired immediately.

Much comment has been aroused during the last week by the article in The Democrat-Forum that the sewage was running down the branch and into the 102 river above the water intake. Many families are boiling all the water which they use, although only a third of the water comes from the river, and the opinion of the engineers is that the flow down the branch is aerated until the danger is negligible.

Mayor Wright notified the Wabash last Wednesday that the conditions were intolerable and must be remedied at once. It was thought by the board of public works last week that the city water would all be taken from the sand points on the east side of the river, beginning today.

Some delays have arisen, however, that will make it impossible to put the improvements into effect until the latter part of the week.

WILL HAVE RALLY WEEK

BUCHANAN STREET METHODIST DAY SUCCESSFUL.

Women's Week of Prayer With All-Day Meeting Friday and Randolph Reception Planned.

The Rally day at the Buchanan Street Methodist church yesterday gathered a record attendance for the school, 219. The collection was also a record, $20.57. The goal for attendance had been set at 200.

The presiding elder, Rev. C. B. Duncan, preached at both services yesterday. The first quarterly meeting of the church was held at 3 o'clock yesterday afternoon, with Mr. Duncan presiding.

The rally spirit will be carried throughout the week, which is the week of prayer of the Women's Missionary societies of that church all over the world. The Ladies' Aid society and the Homemakers class will unite with the other women in the prayer meetings, which will be held every afternoon this week at the church at 2:30 o'clock.

A special young people's prayer meeting will be held Wednesday night and an all-day meeting at the church is planned for Friday. All the ladies will bring their lunch and a continual prayer service will be held on that day.

Friday night a reception will be held for the Rev. J. D. Randolph of Fayette, founder of the Wage Earners class, to which all of the men's brotherhoods of the other churches have been invited. Paul Prosser of Fayette will be the other speaker.

Program for the week follows:

Leader for Monday, Rev. R. C. Holliday. Topic, "Teach Us to Pray."

Leader Tuesday, Mrs. N. F. Humber. Topic, "Japan vs. China, Corea and West Coast."

Leader Wednesday, Mrs. L. P. Colvin. Topic, "Evangelistic Work in Japan on the Coast."

Leader Thursday, Mrs. M. A. Peery. Topic, "Social and Educational Work in Japan and the Pacific Coast."

Leader Friday, Mrs. E. B. Sheldon. Topic, "Prayer and Service."

MARRIED 50 YEARS

MR. AND MRS. JOHN S. DISS TO OBSERVE GOLDEN WEDDING.

VISIT OLD HOME CHURCH

Will Go Back to Illinois Town to Renew Marriage Vows—Have Lived Here Forty-Five Years.

Wednesday morning, in the little church of St. Mary's at Mount Sterling, Ill., where they took their marriage vows fifty years ago, Mr. and Mrs. John S. Diss of this city will worship again and renew the pledges made on their wedding day.

Mr. and Mrs. Everett Schonen of Mt. Sterling, Ill., who were married at the same time will celebrate their golden wedding anniversary jointly with Mr. and Mrs. Diss. Mr. Schonen is a brother of Mrs. Diss, and his wife is a cousin of Mr. Diss.

Came Here in 1870.

Mr. and Mrs. Diss came to Nodaway county forty-five years ago and settled on a farm east of the city. They lived there a few years and Mr. Diss then purchased a farm west of the city and lived there until 12 years ago, when he came to Maryville, purchasing a fine home on West First street, where they have since resided.

Mr. Diss is now 73 and his wife two years his junior. His life has been devoted to farming and he has been very successful in accumulating plenty of the world's goods. He was born at Zanesville, Ohio, his people having emigrated from France to Ohio. Mrs. Diss was born at Buffalo, N. Y., and is of German parentage. The parents of both later moved to Mount Sterling, where the young people then became acquainted.

Was First Church Wedding.

Both Mr. and Mrs. Diss are members of the Catholic church and splendid worthy people who have friends all over the county. They have six children, Charles Diss of Fort Scott, Kan., Will Diss of Fort Wayne, Ind., Mrs. Aaron Linville of Skidmore, Fred Diss of Maryville, Lewis Diss of Des Moines, Ia., and Elizabeth, living at home.

The marriage of Mr. and Mrs. Diss was the first to take place in the church at Mount Sterling, which was just newly completed then. All sorts of pleasures and entertainment have been planned for them during their stay in the old home town. Accompanied by their daughter, Elizabeth, Mr. and Mrs. Diss will start tomorrow morning for Illinois. After the visit there, they will go to Fort Wayne to visit William Diss and family, they will then go to Chicago and from there to Des Moines, Ia., to visit Lewis Diss and will return home late in December.

TO SELL 108 FAIR SHARES

CONTROLLING INTEREST IN COUNTY CORPORATION FOR SALE.

Officers Believe That More General Ownership Will Increase Interest in Exhibits and Attendance.

To make the Maryville-Nodaway County Fair and Agricultural association the property of the people of this county is the desire and purpose of the directors. Definite steps leading toward that end are being made this week.

J. A. Ford, vice president, and J. F. Roelofson, secretary-treasurer, are circulating subscription blanks in which 108 shares of stock, a controlling interest in the corporation is offered for sale. The contract stipulates that all of the 108 shares must be sold by January 11, 1916, or it is void.

The corporation has a capital stock of $25,000, divided into 250 shares of $100 each. The regular meeting of the association will be held January 16, at which time the stock will be due and payable if all of the 108 shares are subscribed. The election of officers and other business of the corporation will be taken up at that time.

The desire of the stockholders of the fair is that a general response shall be made to the sale of the stock from all over the county, so that the people may feel that it is their fair rather than the property of individuals.

Having an interest of that kind in the exhibits, it is believed that the fair will continue to grow better from year to year. A more general ownership is the only reason for the placing of the shares on the market. A. O. Mason is president of the association.

STEAMER ON FIRE AT SEA

Reochemeau, French Liner, is Putting Back Into Hallifax With 225 Passengers and Crew of 150.

Special to The Democrat-Forum.

New York, Nov. 8.—The French liner Reochemeau, sailing from New York for France Saturday, is on fire at sea. The flames are in the reserve bunker.

The steamer is putting back into Halifax. It has a passenger list of 225 and a crew of 150.

GREEK KING RULES

NEW CABINET UPHOLDS POLICIES OF ZAIMIS GOVERNMENT.

SKOULOUDIS NEW PREMIER

Affairs in South Balkans Are Critical for Allies—Servian Army Out of Trap Safely.

Special to The Democrat-Forum.

Athens, Nov. 8.—Premier Skouloudis, who was commissioned by King Constantine to call another cabinet together, met with the new cabinet today. The members are the same as the Zaimis government except for the premier.

The measures which caused the downfall of the last government will all be introduced into the Chamber of Deputies again. These policies of War Minister Yanakitas were fully approved. One new member was added to the cabinet, that of minister of public economy.

The outcome of the crisis shows that the King still controls the situation and the Venizelos, a former premier and leader of the opposition, has gained nothing by driving out Zaimis.

Critical for Allies in South.

London, Nov. 8.—The situation in Southern Servia is now becoming critical for the Allies, according to dispathes from Athens and Saloniki. A re-inforced column of Bulgarians is attacking the French-British line on the Bulgarian-Servian line near the Greek boundary. Anglo-French troops are being rushed to Gievgeli from Saloniki.

The main Servian army has apparently escaped the trap which was set for it and has made its way into the mountains. Troops and ammunition are now being moved along the Berlin-Constantinople railway.

The Teutons are moving upon the mountain fastnesses between Navibasar and Leskovat where the Servians are entrenched.

Bulgarians Retreat in South

Athens, Nov. 8.—The French troops have captured Kosjak and Babuma heights in Southern Servia, it was announced by the Servian legation here. The Bulgarians are retreating from this place ten miles to the west of the Nish-Saloniki railway.

GRANT TRUSTY IS 44.

Jolly Bus Driver Was Kept Busy Yesterday Answering Birthday Greetings.

Grant Trusty, the genial foreman of the Bainum Bus company, celebrated his forty-fourth birthday anniversary yesterday and was kept busy all day receiving the congratulations of his friends, who consist of every one with whom he is acquainted.

To make the day more pleasant, Mrs. Trusty gave a dinner party at noon at their home, making the affair a surprise to her husband. The guests presented Mr. Trusty with a handsome sweater as a birthday gift. Those in the party were Mr. and Mrs. D. N. Scott, Mr. and Mrs. Will Phares, Mr. and Mrs. Harley Teaford, Mr. and Mrs. Will Teaford of Savannah, Mr. and Mrs. Carl Murray, Mrs. E. H. Bainum, Mr. and Mrs. Charles Cockayne and Jesse Boatman.

WEDDING GIFT 1,000 ACRES.

Arkansas Men to Give Large Tract to President Wilson.

Earle, Ark., Nov. 8.—One thousand acres of land will be presented to President Wilson and Mrs. Norman Galt as a wedding gift by an organization of large land owners of this section. The donors met today and voted unanimously to make the present and to have the land deeded to both the president and the future Mrs. Wilson.

The land faces the Mississippi river on one side and the St. Francis river on the other. It is well protected by a levee system. It is an ideal location for a hunting preserve.

United States Senator James P. Clarke was chosen to carry the deed for the land to Washington.

Calvin J. Burch, deputy county clerk, was in Burlington Junction this morning.

CHANGES FOR WABASH TRAINS

No. 1 Will Now Be Known as No. 11, and Will Arrive Five Minutes Later—No. 12 Comes Earlier.

A few changes have been made in the time of trains on the Wabash. No. 1 will now be known as No. 11, and will arrive here at 6:05 a. m., five minutes later. Passenger No. 12 will now arrive at 10:45 a. m., or seven minutes earlier, and this will permit connecting with the Great Western train at Conception Junction, arriving in St. Joseph about 1 o'clock in the afternoon. The new change in No. 12 will be a great help in mail facilities, as a letter will now get in St. Joseph for the afternoon delivery when it is mailed before 10:30 o'clock the morning of the same day. No. 14 passenger train will arrive two minutes earlier, or at 9:50 p. m.

The two local freights, No. 71, going west, and No. 70, going east, will carry passengers, No. 71 between Stanberry and Mineola, Ia., and No. 70 between Malvern and Stanberry.

The afternoon Burlington train is now due four minutes later, or 4:48 p. m.

These changes were effective yesterday on the Wabash, while the Burlington change was made a week ago.

PEABODY "KIDS" IN PANIC

CRY OF FIRE AMONG CHILDREN WHO WERE IN DISASTER.

All Race Down Stairs and Several Jump From Windows—None Fatally Hurt.

Special to The Democrat-Forum.

Peabody, Mass., Nov. 8.—Three hundred children, who were in the fire last week in which twenty-one lost their lives, were thrown into a panic by the cry of fire at noon today.

Escaping steam caused the alarm in the old high school building, where the sessions of the St. John's parochial school is being held. All rushed headlong down stairs and several jumped through windows.

One boy was badly cut by glass in jumping through a window. Several are seriously hurt but none fatally.

VILLA TO FIGHT AT NACO

Rebel Returns to Border Town After starting for Hermosillo—Obregon to Attack Soon.

Special to The Democrat-Forum.

Washington, Nov. 8.—Officials of the war department here believe that the next battle between the Villa and Carranza forces will be enacted just across the Arizona border in Mexico.

Villa's action in returning to Naco after starting for Hermosillo indicates that he intends to make a stand there. It is believed that Obrejon, commander of the forces of the Mexican government at Agua Prieta, will move at once against the rebel forces.

COURT SELECTS APPRAISERS.

Four Head of Cattle of Benedictine Sisters at Conception Quarantined by State Deputy.

Four head of cattle of the Benedictine Sisters at Conception were quarantined by State Deputy Lyman D. Brown, having had tuberculosis. The appraisers chosen to fix the value of the animals were Gus King, John Martindale and Andy Bliley.

"BIG THREE" FORM SMALLER CABINET

PREMIER ASQUITH, DAVID LLOYD-GEORGE AND BALFOUR.

WAR COUNCIL TITLE; GREY AN ADVISORY

Kitchener Will Be in Balkans Several Months—American Note Sharply Criticized.

Special to The Democrat-Forum.

London, Nov. 8.—The "smaller cabinet" idea which has been discussed by the papers and the government of England for several months, has been put into effect. Premier Henry H. Asquith, Sir David Lloyd-George, and Sir Arthur J. Balfour will be the big three.

These men will direct the military and naval affairs of Great Britain hereafter. The entire cabinet has elected them with the title of "war council," according to an official announcement in the London Evening News.

Sir Edward Gray, minister of foreign affairs, will attend the sessions of the council when the question relating to foreign and diplomatic policies are under discussion. The prime minister and Lloyd-George will divide the work of Lord Kitchener between them while the minister of war is in the Balkans. He will be absent several months.

American Note Not Liked.

The note from the government of the United States demanding more freedom of the seas is being freely criticised by newspapers all over the empire. It will be several weeks before the government of Great Britain will reply.

In the note the American government refuses to recognize the blockade of Great Britain, saying that it is intolerable and indefensible. The United States says that it is speaking for all neutrals and that interference with their shipping must stop. Huge losses to American shippers is claimed, and a curtailment of her rights cannot be permitted by the government of the United States.

STRUCK BOAT AND TRANSPORT.

Withdrew From Turkish Shore Batteries Emitting Dense Clouds of Smoke.

Special to The Democrat-Forum.

Constantinople, Nov. 8.—The war office announced that the Turkish shore batteries struck an ally torpedo boat and transport near Anafara Sunday. The torpedo boat and transport withdrew, emitting dense clouds of smoke. Hostile aeroplanes brought down Turkish gunners, who fell into the sea and were towed away.

Largest Circulation in Nodaway County

Announcement.

We are authorized to announce Robert I. Young of Buchanan county, as a Democratic candidate for Congress from the Fourth district subject to the primary election to be held August 8, 1916.

Here's a cordial welcome and best wishes to the new sand points.

A sixty-dollar dress suit and a fifteen-dollar a week salary are frequently found together.

Now that Carranza is filling the offices, remarks an exchange, his cause should increase in popularity.

Now that the teachers have adopted the simplified form of spelling, it is to be hoped that the reform will extend to the war fronts.

It's a well isolated church now whose services are not interrupted several times by the honk of a horn or the popping of the cut-out.

Secretary McAdoo, who has just returned to Washington from a tour of the west, sees an era of prosperity ahead. Mr. McAdoo has not only seen prosperity, but he has seen where prosperity in this country comes from.

That high wind Sunday showed plainly the need for greater cleanliness on the streets. Besides leaves, old papers by the score, suit boxes, hat boxes and everything that the wind could move roamed at will about the streets, sidewalks and lawns. Our business men and citizens should be more careful about letting rubbish get into the streets.

From present indications the next nominee of the Republican party will be the Hon. Elihu Root of New York. Mr. Root got something of a jolt in the recent rejection of the constitutional amendments, which he fathered, in his home state, but he looms up as the one and only one available big man his party has for the presidential nomination. Mr. Taft and Mr. Roosevelt will cancel each other and may be dropped from consideration. Then there are Senator Burton, Senator Borah, Senator Weeks, Senator Sherman, Senator Cummins, James R. Mann, Herbert Hadley and a few others who have ample aspirations but who are more or less deficient in other respects. Of those so far advanced for public approval Mr. Root measures up head and shoulders above the balance in point of ability and capacity for big things. He is a standpatter of the original, blown in the bottle variety, and it looks very much like the Progressives will be given the choice of voting for the man who ran the steam roller over them at Chicago or for Woodrow Wilson.

WHY MEN CHEW TOBACCO

It's the Only Way That Real Tobacco Hunger Can Be Entirely Satisfied

"OLD KENTUCKY" IDEAL CHEW

Since tobacco was first introduced to civilization, nobody has ever discovered so supremely satisfactory a way to get all the flavor and enjoyment out of it as chewing it. And no other form of chew can give you the hearty, wholesome, juicy flavor that you get from a delicious high-grade *plug* tobacco like Old Kentucky.

The secret of the greatest chewing satisfaction lies in the selection of your chew. Among plug tobaccos the brand that gets the most enthusiastic endorsement is undoubtedly Old Kentucky. The reason for this is not hard to find.

Old Kentucky is made exclusively of ripe Kentucky Burley—the most richly-flavored chewing tobacco that grows. Still more, only the very choicest of all the Burley leaf is used for Old Kentucky.

This choice leaf is selected with the most painstaking care, is stemmed by hand, is thoroughly washed free of all foreign matter and is pressed into plugs so slowly that not a drop of juice or an atom of flavor escapes. Moreover, Old Kentucky is made under the most rigid, cleanly and sanitary conditions.

The result is a sweet, mellow, luscious, satisfying chew that cannot be obtained in any other tobacco than Old Kentucky.

Try a 10c pocket plug to-day.

157 BIRTHS AND 55 DEATHS

Statistics Show That Number for Nodaway County for July, August and September.

Statistics compiled for the third quarter of 1915, July, August and September, by the Missouri state board of health show that there was a total of 55 deaths in Nodaway county, the month of August showing the greatest number of deaths, 24; July, 19, and September, 12.

There were 157 births reported as having occurred during July, August and September, of which the greatest number, 74, was in August, 40 in July and 43 in September.

Diseases of the heart and circulatory system head the list of causes of death for the quarter with 9; acute nephritis and Bright's disease, 8; other diseases of the nervous system, 7; cancer, 5; tuberculosis of the lungs, 3; typhoid fever, 2; pneumonia, 2; other forms of tuberculosis, 1; acute poliomyelitis, 1; other diseases of respiratory system, 1; diarrhoea and enteritis (under 2 years), 1; accident, 1; other causes, 14.

Statistics compiled for the state for the third quarter of 1915, July, August and September, show that there was a total of 8,572 deaths. Of this number 4,920 were males, 3,652 females, 7,759 whites, 813 blacks.

The month of July showed the greatest number of deaths, 2,923, and September the lowest, 2,812. For the same quarter in 1914 there were 9,144 deaths, or 572 more than in 1915.

Diseases of the heart and circulatory system head the list of causes of death for the quarter with 1,001; tuberculosis, 872; pneumonia, 342; other diseases of the nervous system, 751; acute nephritis and Bright's disease, 728; cancer, 526; respiratory system, 138; accidents, 489; influenza, 12; suicides, 147; diptheria and croup, 75c; diarrhoea and enteritis (under 2 years), 551; puerpal state, 90; diabetes, 78; homicides, 72; typhoid fever, 127; scarlet fever, 1; whooping cough, 29; acute poliomyelitis, 8; epidemic cerebrospinal meningitis, 6; small pox, 2; measles, 8, and other causes, 2,410.

There were 18,300 births reported as having occurred during July, August and September, of which 9,357 were males, 8,411 were females, 17,768 whites and 532 blacks.

It will be noted from the foregoing that there were 9,778 more births than deaths during the quarter.

WANT A NEW BRIDGE.

Delegation From Near Parnell Will Pay Half of Cost.

A cement culvert east of the Snowball school house, near Parnell, was asked for by a delegation of farmers, which came in with a petition to the county court. The leaders of the party were Earl Addy, Tom Logan and Ed Jones.

The court was in St. Joseph, so the desires of the men were presented to J. E. Reece, county highway engineer. Half of the money needed for the bridge can be raised in the immediate community, the delegation promised.

BROTHERHOOD TO MEET.

First Methodist Men Will Hold Regular Meeting Friday Evening.

The Brotherhood of the First M. E. church will meet Friday evening at the church. The Rev. O. L. Sample, pastor of the Burlington Junction Methodist church, will make an address. After the meeting refreshments will be served.

To Attend Insurance Meeting.

Judge W. M. Blackford and C. D. Hooker will leave Tuesday for Marshall, Mo., where they will attend the meetings of the Mutual Insurance company, representing the Nodaway County Mutual Fire and Lightning Insurance company.

On St. Joseph Market.

Nodaway county was represented by J. C. Meek, Bishop & Simmion, G. T. Clardy, James W. Milbanks, Horton & Doughtan, J. D. Sheaver, G. H. Swaney and Sherlock & Fogan, who each contributed a load of swine on the St. Joseph market Saturday.

More Weather Tales Coming.

Milan, Mo., Nov. 8.—This is the warmest November weather on record. Cherry trees are in bloom and local fishermen are catching plenty of fine catfish. Autumn pastures are fine and late corn is maturing.

THINKS ONLY OF CHINA

Yuan Shih-Kai Says It Is Greatest Honor to Be First President—Wants Stability.

According to the Hsin Chung Kuo Pao of Peking, President Yuan Shih-kai of China has uttered the following opinion regarding the propaganda of the Chinese monarchists, which is being directed by the Chou An Huei, or Society for the Promotion of Peace:

"China has had emperors and the monarchiel form of government for more than 4,000 years and the holding of the office of the first president in the long history of China is in itself a great honor and a great glory. Why should I then look down upon the presidency of a republic and honor the position of an emperor? What I consider most important is how can I remove the dangers and calamities which are threatening China and in what way can I solidify the foundation of the country and establish permanent peace. This is my principal consideration; not the post of a president or an emperor."

"We should admire the president," says the Chinese paper, "for his large views and far sightedness; and we should also think highly of Dr. Goodnow for his assistance in setting forth his views concerning the form of government that China should adopt under certain conditions, and for his good will in helping to solve the fundamental problem of our country."

DIVORCES WITHOUT JUDGE?

Lawyers, Apparently, May Grant One In California.

Los Angeles.—Judges and lawyers learned with surprise that through an amended provision of the state constitution apparently any qualified attorney may grant a decree of divorce. This became known by the recent granting of three decrees in Santa Rosa by attorneys sitting as judges pro tempore after having been selected to try the actions of the litigants themselves without the sanction of the court. The modified amendment reads:

"A case in the superior court may be tried by a judge pro tempore, who must be a member of the bar, agreed upon in writing by the parties litigant or their attorneys of record and sworn to try the cause, and the person so selected shall be empowered to act in such capacity in all further proceedings in any suit or proceedings tried before him until the final determination thereof."

The clause "approved by the court" has been omitted from the act.

TALK OF BABIES JARS THEM.

Spinsters Form Club to Avoid Chatter About Husbands.

Sabetha, Kan.—An organization of spinsters has been formed in this town to save them from hearing talk about babies.

"At the women's clubs," says Miss Georgia Hook, head of the spinsters, "all we hear is talk of babies and husbands of various kinds. Oh, you cannot realize the unintentional cruelty of it all! What pleasure can we have in hearing talk of babies, babies, babies all the time? The small town never gives the proper chance for all girls to marry happily. Too many of our best young men go to the cities. As a result there are more marriageable young women than young men."

EATS PORK AT EVERY MEAL.

Hoosier Farmer Says It Is Sweet Diet and Good For Longevity.

Columbus, Ind.—Do you wish to live long and be strong? Then eat pork three times a day, says Samuel Reynolds, a farmer here, who is seventy-five and can carry a sack of grain with the best.

Reynolds eats pork three times every day, and if he wishes a little snack of something between meals he eats a piece of pork. If he happens to need a bite of something before going to bed he eats a piece of pork. He never ate an apple in his life, and he never tasted any sort of fruit, butter or jelly.

TOWNSENDS
FOURTH AND MAIN STS

REWARDED FOR HER KINDNESS

Entertainment of Aged Man Results In Her Getting $15,000.

Columbus, Mo.—Miss Gretchen Detchemendy, twenty, of Carthage, Mo., has sold for $15,000 a one-fourth interest in a zinc mine which she received from J. A. Langston, seventy-five, a wealthy resident of Springfield, Mo., because she was kind to him and entertained him while at a summer resort last year in Colorado.

Miss Detchemendy and Langston became fast friends during their stay in Colorado, and when she returned home he sent her a deed for the interest in the mine near Commerce, Okla.

She began receiving dividends on her interest in the mine last March and was getting $100 a week when she sold because "you never can tell," she says, "when the price of zinc is going down or the ore deposit is going to go 'blind.'"

CELL KEY DID THE TRICK.

Escaping Prisoner Thought It Was a Gun and Raised His Hands.

St. Louis, Mo.—Using a tin spoon and a shoestring to open the door of his cell in police headquarters, J. J. Hartwell, bandit suspect wanted in Butte, Mont., was subdued by a guard using a brass key as a pistol and put back into his cell.

Hartwell had picked the jail lock and opened the door and was about to make for a rear window when he was captured by Parker Thompson.

As Hartwell left the cell Thompson pounced upon him, pointing his big brass key at the prisoner and ordering him to hold up his hands. The prisoner thought he was "covered" with a revolver and raised his arms.

CORNSTALKS STOP PHONE.

Interfere With Service In Kansas, Causing Short Circuit.

Leavenworth, Kan.—The cornstalks are so tall in some parts of Leavenworth county that they are interfering with the telephone service.

South of Lansing, at Dan Monroe's place, stalks pressed against the telephone wire and caused a short circuit. The linemen had considerable trouble in discovering what was wrong.

The wires were on low poles. Two rows of corn had to be cut on each side to keep the wires clear of short circuiting at Mr. Monroe's place.

BIG BENEFICENCE IS PLANNED BY GAMBLER

Nicholas de Szemere, Hungarian, Proposing Aid to Soldiers.

Vienna.—Out of the ruck and roar and miseries of war varied suggestions have come, many of them bearing on the best way to deal with the soldiers at the front who may come back alive and whole or be permanently disabled.

It has remained for a Hungarian noble to help in solving the problem. He is a man who a few years since startled Austro-Hungary by winning more than $800,000 in a single session in the Vienna Jockey club from Count Joseph Potocki. It took only four plays at baccarat in the fashionable gambling resort of this city to transfer this immense sum from the young count to the pockets of the sportsman and gambler for high stakes, Nicholas de Szemere. For Herr de Szemere owns one of the most famous stables in the dual empire and has won many of the classic races with his horses. Now, for the time being at least, he has chosen to forget the fascination of the race track and to dedicate some of his enormous winnings on the turf and at the gaming tables to caring for some of the soldiers when they return from the war. Incidentally, it may be stated that Herr de Szemere is well known in fashionable circles in New York city, where he visited a dozen years ago.

Herr de Szemere proposes to present Hungarian, German, Austrian and Turkish soldiers of his own selection with shares in a property consisting of thousands of acres of land which he will donate to the men lucky enough to be chosen by him to live and work upon it. He hopes by the inspiration of his gift to induce other large landowners of Hungary and Austria to follow his example. His letter announcing his intention has stirred the people.

Herr de Szemere's proposal can in a measure be better understood in America by identifying it with the "back to the land" movement in the United States.

FORTUNE FOR MAIL CARRIER.

Changes Living Cost Problem to How to Spend Income.

Kenosha, Wis.—Raymond Morehouse, a mail carrier here, has joined the "silk stocking" class.

The other night he went to bed wondering how to meet the high cost of living. The next morning he received a letter announcing he was heir to $150,000 from the estate of his uncle, Louis Morehouse, at San Leandro, who left here more than fifty years ago to seek his fortune in California.

A Hundred Rattlers on String.

Tucumcari, N. M.—One hundred rattlesnakes is the record of C. T. Taylor of Gesbia, who claims to be the champion snake killer of eastern New Mexico. He now has 100 rattlers on a long string which he calls his "devil's rosary."

Preserving the Fall Fruits.

Fall stands out above all other seasons in the housewife's calendar as the time of abundant and varied fruits. Grapes, apples and pears are all rich in acids and salts, and in addition they contain a large percentage of the carbohydrates, proteids and fats which we associate with such foods as meat and bread.

For canning, only perfect fruit should be used. The culls, however, may always be made into butter or jelly if care is used in removing decayed spots. Small and imperfect fruit can be utilized for drying.

Pears with ginger—Soak three-fourths of a pound of green ginger root in cold water for two days and drain it. Mix together five pints of the liquid drained off, five pints of sugar, five quarts of firm, hard, unpeeled pairs, cored and cut into pieces, the ginger root scraped and cut into thin slices, and the juice and yellow rind of four lemons. Cook the mixture two hours, or until the fruit is transparent and the syrup thick. Seal the pears in jars.

Apple chutney (or catsup)—Wash, peel and core four quarts of apples. Cook them with a quart of brown sugar and two quarts of cider vinegar until the resulting mass is smooth and thick. Place the mixture in a crock and add two pounds of seeded raisins chopped fine, a small mild onion, an ounce each of white and black pepper, two ounces of ground ginger, one tablespoonful of salt, and two or three red peppers chopped fine. Mix the ingredients thoroughly, heat them, and let them stand over night. In the morning seal the chutney in pint jars.

Wild grape catsup—Mash thoroughly two quarts of well ripened wild grapes, cover with vinegar, and thoroughly heat them. Strain and add a cupful of sugar, a tablespoonful of cinnamon, a teaspoonful of cloves, and a quarter of a teaspoonful of cayenne pepper. Cook the mixture slowly until it is thick. Seal in jars.

Pear butter—Wash the pears and without peeling them boil them until they fall to pieces. Rub them through a colander to remove the cores, seeds, and skins. Put the pulp into a stone crock with half as much sugar, add spices to suit the taste, and cook mixture slowly until it becomes smooth and thick, stirring it carefully to prevent burning. Seal the butter in jars.

Dried apples—Peel, core and slice the apples. Place them on platters, wooden trays, or any other convenient receptacle and place them in the sunshine. Take them in at night and during rains; it is impossible to secure good dried fruits unless they are protected from moisture. Protect them from flies and other insects with netting, and place them out of the dust as far as possible. Continue the drying until the fruit has lost more than half its weight; if necessary, it may be placed in the oven for two or three hours at the end. Tie the dried fruit in paper sacks, using a double thickness if thin sacks are used, and suspend them from the ceiling of the driest room available.

When ready to use the dried fruit, wash it well, soak it for six hours or longer, and throw away the liquid drained off. Then cook the fruit for several hours at a temperature slightly below the boiling point.—May McGuire Telford in The Mother's Magazine for October.

TESTED RECIPES.

Buttermilk and Raisin Pie.

1 cup seeded raisins.
½ cupful buttermilk.
½ cupful sour thick cream.
1 cup sugar.
1 egg
Vanilla.
Pinch salt.

Have crust ready before mixing ingredients. Bake in quick, hot oven. The egg should be well beaten when added. If allowed to stay in the oven too long it will curdle.—[October Mother's Magazine.

Date Pudding.

1 cup sour cream
1 teaspoonful soda
1cup syrup
1 small spoonful butter
1 pound dates
1 teaspoonful cinnamon
½ teaspoonful nutmeg
Salt

Enough whole wheat flour to form batter.

Stone the dates and cut into halves. Mix ingredients with flour enough to make stiff batter and pour into deep greased mold and steam two and a half hours. Serve cold with cream and sugar.—October Mothers' Magazine.

Apple Rolls.

1 cupful sour cream
Little salt and soda
Sliced apples
Sugar
Butter.

Make a short crust as above, roll out thin and cover with any good cooking apples, sliced thin; sprinkle with sugar and cut in strips two inches wide, then roll each strip up and place on end in deep pan; sprinkle little sugar and bits of butter on top and place in oven to bake until brown.

Sauce.

1 cupful water
2 tablespoonfuls flour
½ cup sugar
Butter size of an egg
Nutmeg.

Boil all together and pour on rolls and serve.—October Mother's Magazine.

"CASCARETS" BEST IF HEADACHY, BILIOUS, SICK, CONSTIPATED

Best for Liver and Bowels, Bad Breath, Bad Colds, Sour Stomach.

Get a 10-cent box.

Sick headache, biliousness, coated tongue, head and nose clogged up with a cold—always trace this to torpid liver; delayed, fermenting food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet, breath right, complexion rosy and your liver and bowels regular for months.

Miss Gwinn Gives Dinner.

Miss Mary Edna Gwinn was the hostess of an all-day party Saturday at the Gwinn country home, southeast of the city, at which her guests were Mrs. Harold Ford, Mrs. Lieber Holmes, Miss Marjorie Wilfley and Miss Dale Hoffman. Mr. Holmes joined the party in the evening.

Motor Party From Fairfax.

Mr. and Mrs. E. R. McMahon and daughters, Katheryn and Charlotte, of Fairfax, motored to Maryville Sunday, where they were entertained at the home of Mr. and Mrs. Robert Lyle. The visitors returned to Fairfax in the evening, accompanied by another daughter, Miss Madge McMahon, and their son, Fred McMahon, who had spent the week visiting in the city.

Surprise Dinner.

Mr. and Mrs. Allison Dragoo were most pleasantly surprised Sunday as they returned home from morning services to find a number of their friends had preceded them and had prepared a delicious dinner in honor of their eighteenth wedding anniversary. The dining room was beautifully decorated with yellow and white flowers. A large anniversary cake with the date of the wedding formed the center piece of the table.

The guests were: Mr. and Mrs. George Eisenman and family, Mr. and Mrs. Logan Strong, Mr. and Mrs. Fred Barr and Leo Strong.

Mr. and Mrs. Harry Snyder and daughter spent the week end visiting friends in St. Joseph.

Rules for Making Salads.

Some of the things to remember when you are going to make salad are:

(1). Have everything cold.

(2). For fruit salad, cut the fruit up and let it stand in a sieve over a bowl for an hour or more, so the juice will drain off and not thin the dressing. You can save the juice for lemonade or fruit gelatin.

(3) Never serve a heavy oil mayonnaise salad after a big dinner or a very rich lunch. These salads are better as the main course at a luncheon or to serve with sandwiches in the evening.

(4). Have something crisp in the salad. Green peppers, radishes, celery cucumbers, onions, apples cut up fine, are all nice to mix with the softer meats, fruits and vegetables.

(5). Cut everything for a salad about the same size.

(6). Mix most salads with the dressing just before you are ready to serve them.—October Mother's Magazine.

Here From Ravenwood.

Mr. and Mrs. Frank McKee and little son of Barnard spent the day in Maryville Saturday.

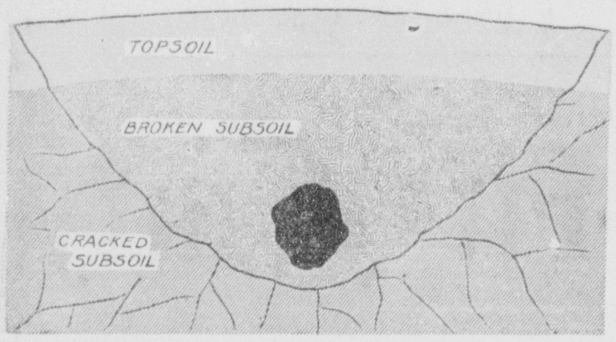
Blasting Ground For Tree Planting

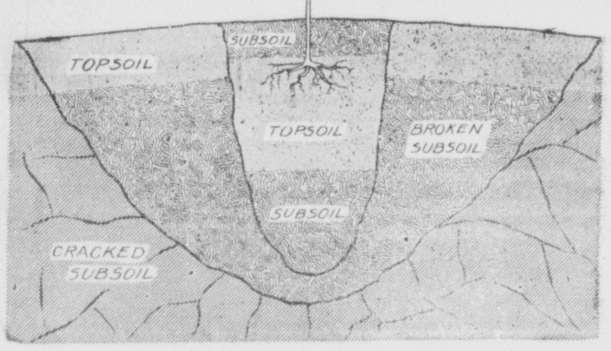
Much has been written on how to plant a tree or trees, but if the experiences of scores of famous orchardists have any weight on the topic, then the practice of using dynamite preliminary to planting young trees has fully proved its merits.

The writer has personally seen specific examples of the value and excellence of tree planting with dynamite on a private orchard in Delaware, the difference in growth between the undynamited tree and the tree planted in blasted ground being so unmistakably in favor of the latter that no adequate comparison could be made.



THE BLAST THOROUGHLY CRACKS THE SOIL, BUT USUALLY LEAVES A CAVITY OR POTHOLE AT THE BOTTOM—THIS MUST BE FILLED.

Furthermore, there are so many sane and logical reasons for this method of tree planting that even the most skeptical could not fail to be convinced. Obviously when a tree has to use a large part of its energies in forcing its roots through the hard soil it cannot be expected to make the same rapid growth and come into such



THE ROOTS ARE FIRMLY EMBEDDED IN RICH TOPSOIL, SURROUNDED BY MELLOW, WELL DRAINED SUBSOIL.

yearly bearing as a tree would that had had the ground in which it was planted thoroughly prepared by dynamiting beforehand.

No tree should be planted over hardpan or impacted subsoil without first resorting to blasting, so that the soil may be made open and porous. Such blasting not only creates channels, increases absorption of soil moisture and permits deeper rooting, but it also induces better growth and larger yields.

Blasting for tree planting is best done in the fall, because at this time of the year it is easier to catch the subsoil in dry condition. Blasting in the spring for spring planting, however, is much better than planting in dug holes, notwithstanding the fact that the subsoil is apt to be wet or damp.

If the holes are blasted in advance of the time of setting the trees they are left without further attention until tree planting time, unless it is desirable to add some manure or fertilizer to be diffused through the soil. This is an excellent practice, especially in poor soil. If the earth is sour, sticky clay a few pounds of lime scattered in the hole will materially assist in flocculating the clay and keeping it permanently granulated and sweet

Immediately after the blast the soft blasted ground should be dug out down to the location of the charge, where a hole will usually be found about the size of a bushel basket. This must be filled to prevent settling of the tree after planting. The roots should be placed in a natural position in good top soil, covered with more top soil and treaded down firm. The hole can then be filled to a little above the surface with subsoil.

The fact that nearly all commercial orchardists use this method proves that it pays in reduced first year loss earlier fruiting and larger and better yields.

Are You Getting all That You are Entitled To?

You can't afford to be represented by any kind of JOB PRINTING where old, out-of-date type is used; or where it is set up in a "haven't-got-time" manner, and the printing slurred from lack of attention or experience of the pressman.

Good printing costs no more than poor printing and we have experienced men and an up-to-date equipment to produce GOOD printing.

The necessary time and material is put into every job, whether it's a calling card or a large book.

Remember, we maintain a seperate department with workmen devoting their time exclusively to Job Printing. This insures efficient and prompt service.

We make a specialty of doing work on short notice.

REPORTED AS WINNING LAND.

St. Louis Paper Says Joe G. Miller Won in Fort Berthold U. S. Land Drawing.

According to the St. Louis Globe-Democrat, Joe G. Miller of Conception Junction won No. 1025 in the Fort Berthold land drawing, concluded Friday at Minot, N. D. He will have the right to file on a homestead on the Fort Berthold reservation when the lands are thrown open next May.

Communication with Conception Junction this morning says that there is a Joe Miller employed in the roundhouse there, but as he did not register at the land drawing he doesn't know anything about it. There aren't any other Millers there by this name.

Prosecuting Attorney W. G. Sawyers went to Savannah this morning to attend the circuit court of Andrew county.

SAFEGUARDING MEAT SUPPLY

Approximately 60 Per Cent of Animals Now Slaughtered Under Federal Inspection.

More than 58,000,000 meat animals were slaughtered in establishments under Federal inspection during the fiscal year ending June 30, 1915. Since approximately from 58 to 60 per cent of the animals killed in the country are slaughtered in establishments where Federal inspection is maintained, it appears that about 100,000,000 meat animals are now being killed each year in the United States.

Of the animals subjected to Federal inspection 299,958 were condemned as unfit for human use, and 644,688 were condemned in part. Thus a little more than 1½ per cent of all the animals inspected were condemned either in whole or in part. These figures include only cattle, calves, sheep, goats, and swine.

Tuberculosis was the chief cause of the condemnations. More than 32,644 carcasses of cattle and 66,000 carcasses of swine were entirely rejected on account of this disease, and in addition parts of 48,000 cattle and 440,000 swine Hog cholera was responsible for the next largest loss, nearly 102,000 swine being condemned entirely on this account.

French Dressing (For All Kinds of Salads.)

4 tablespoonfuls of olive oil
½ tablespoonful vinegar
½ tablespoonful lemon juice
½ level teaspoonful salt
¼ teaspoonful pepper
1 slice onion
¼ teaspoonful paprika.

Take a thin slice of onion and mash this with the salt and pepper and paprika. Then add the oil, vinegar, and lemon juice. Beat with the fork until it is creamy. If you want to use it right away, put a little piece of ice in the dressing while you stir it. You can make a lot of this dressing at once and keep it in the ice box. When it stands a little while, the oil and vinegar will go apart, but just beat it up again.

If you want to use this dressing with a fruit salad, use orange or grapefruit juice instead of the lemon and vinegar. If you want to use it with plain lettuce salad, add a chopped hard-boiled egg, a tablespoonful of chili sauce or catsup.—October Mother's Magazine.

MEDALS HAVE THEIR DUTY.

Hiawatha (Kan.) Resident Uses Them as Paperweights in Office.

Hiawatha, Kan.—Gold medals for prize crops are so numerous with S. G. Trent of Hiawatha, who has just been designated at the Panama-Pacific exposition as champion corn grower for Kansas, that he uses the prize medals as paperweights in his mill office.

Trent has no formula of secret practice that enabled him to raise the 117 bushels to the acre and win the prize. The corn was grown on his father's farm, five miles southwest of town. In a field of eighteen acres Trent measured off an acre, planted Boone county white corn, cultivated it just as he would an ordinary crop and gave it no special attention of any kind. The corn grew and made him 117 bushels.

PREACHER PAID IN EGGS.

Circuit Rider's Story Told at M. E. Conference.

St. Louis.—The hardships of a Methodist circuit rider were brought forcibly to the attention of the city ministers attending the St. Louis conference of the Methodist Episcopal church when one country preacher reported that in the last two months he had received half of a hog and a great many eggs, but no money. He had sent twelve dozen eggs to the district superintendent, he said.

Another circuit rider said he had received $19 in two months, and a third that he had received no money, but that his parishioners had promised to buy him a horse before winter and had entertained him liberally in their homes.

BANK FAILED TO OPEN.

The Broadway Bank of St. Louis, a State Institution, Is in the Hands of the State Bank Examiner.

Special to The Democrat-Forum.

St. Louis, Nov. 8.—The Broadway bank of St. Louis, a state institution, failed to open its doors this morning. A notice was posted at the entrance that the institution was in the hands of the state bank examiner. Three hundred men and women, mostly Germans and Hungarians, gathered and made no demonstration. The September statement showed $800,000 in checking, time certificates and savings accounts. In a statement issued by President Baisbarth, he said the bank might open later in the day and that everything was all right.

FORMER RESIDENT DEAD.

Mrs. Carrie Alexander Williams Succumbs at Wichita Hospital.

Maryville relatives have received word of the death of Mrs. Carrie Alexander Williams of Wichita, Kan., who died Thursday, following an operation which she underwent Tuesday at a Wichita hospital.

Mrs. Williams was the eldest daughter of Mr. and Mrs. Henry Alexander of Medicine Lodge, Kan., formerly of this city. Her husband died several months ago. She is survived by one daughter.

INJURED WHEN AUTO TURNS.

O. H. Webb of Hopkins is Caught Under Car and Badly Bruised.

O. H. Webb of Hopkins was severely injured yesterday when the Ford car he was driving turned turtle and he was caught underneath. Webb, accompanied by Lon Hopple, was driving from Chariton, Ia.

At a point north of Hopkins, while they were driving at about 25 miles per hour, a tire blew out and the car turned over. Webb was badly bruised and cut. His companion was uninjured.

A "BALANCED ROCK" BUILDING.

Kansas City May Have Unique Triangular Structure.

Kansas City, Nov. 8.—A five-story building, constructed like Colorado's "Balanced Rock," probably will be one of Kansas City's attractions in the near future. John Hayes, son of former chief of police, proposes such a structure on a small triangle near Thirtieth street and the McGee street trafficway.

An ordinance will be introduced in the council Monday night asking, after the first story of the building is built, that Hayes be permitted to extend the structure three feet over the property line on all sides. That would balance four of the five stories on a small base. The plan is said to be architecturally feasible.
